

April 2014 - Community Supported Agriculture (CSA's) at Round the Bend Farm

Dear Friend,

Spring is in the air at (RTB) Round the Bend Farm! Meat and Vegetable Community Supported Agriculture shares (CSA's) are open and available. RTB social entrepreneurs Geoff Kinder and Ashley Brister are offering respective share fees on a sliding scale. Please pay what you can, knowing that you will be helping those who need to pay less. We aim to make farm fresh, local food available to all and need your help to support this mission.

Geoff's meat CSA will consist of beef, lamb and pork. The beef and lamb are grass-fed and grass-finished. The pigs at RTB are raised on pasture, non-GMO grains, and whey sourced from a local cheesemaker. There will be a total of five pickups at RTB. Members will receive approximately 100 lbs. of meat over the course of the year (June - December).

Ashley's Produce is magnificent and grown free of chemicals. She is offering full and partial shares, depending on the size of your household. Weekly pickups will be at RTB on either Tuesdays or Fridays - you pick!

Additionally, we would like to invite you to our first ***Open Market Day*** of 2014 this ***Saturday, April 19th from 12-4PM***. Come by 92 Allens Neck Road in South Dartmouth, MA 02748 to purchase our grass fed meat and to take a guided tour of the farm. We will be gathering at the barn. The tour will be from 2-4pm. Geoff will be grilling, so you may taste the merchandise and enjoy some light refreshments with us. We hope to see you at the farm!

With gratitude,

Elizabeth Wiley
